

# The New Tax Law

## What Individuals Need to Know

# Individual Tax Rates

## Individual tax rates

### Pre-Reform 2018 Tax Rules

- Maximum tax rate is 39.6%
- Rates associated with specific income brackets are designated below:

### Post-Reform 2018 Tax Rules

- Maximum tax rate reduced to 37%
- Rates associated with specific income brackets are designated below:

| Taxable income |                          |                          | Taxable income |                          |                          |
|----------------|--------------------------|--------------------------|----------------|--------------------------|--------------------------|
| Rate           | Single                   | Married                  | Rate           | Single                   | Married                  |
| 10%            | \$0-\$9,525              | \$0-\$19,050             | 10%            | \$0-\$9,525              | \$0-\$19,050             |
| 15%            | \$9,526 -<br>\$38,700    | \$19,051 -<br>\$77,400   | 12%            | \$9,526 -<br>\$38,700    | \$19,051 -<br>\$77,400   |
| 25%            | \$38,701 -<br>\$93,700   | \$77,401 -<br>\$156,150  | 22%            | \$38,701 -<br>\$82,500   | \$77,401 -<br>\$165,000  |
| 28%            | \$93,701 -<br>\$195,450  | \$156,151 -<br>\$237,950 | 24%            | \$82,501 -<br>\$157,500  | \$165,001 -<br>\$315,000 |
| 33%            | \$195,451 -<br>\$424,950 | \$237,951 -<br>\$424,950 | 32%            | \$157,501 -<br>\$200,000 | \$315,001 -<br>\$400,000 |
| 35%            | \$424,951 -<br>\$426,700 | \$424,951 -<br>\$480,050 | 35%            | \$200,001 -<br>\$500,000 | \$400,001 -<br>\$600,000 |
| 39.6%          | Over<br>\$426,700        | Over<br>\$480,050        | 37%            | Over<br>\$500,000        | Over<br>\$600,000        |

Key takeaway: There are still 7 brackets, but the rates have dropped in all but the lowest bracket.

# AMT & Deductions

|  | <b>Pre-Reform 2018 Tax Rules</b>   | <b>Post-Reform 2018 Tax Rules</b>   |
|--|--|---|
| <i>Alternative minimum tax (AMT)</i>                     | <ul style="list-style-type: none"><li>• Exemption amounts of \$86,200 (married) and \$55,400 (single)</li><li>• Phase-out of exemption amount begins at \$164,100 (married) and \$123,100 (single)</li></ul> | <ul style="list-style-type: none"><li>• Exemption amounts increased to \$109,400 (married) and \$70,300 (single)</li><li>• Phase-out of exemption amount begins at \$1,000,000 (married) and \$500,000 (single)</li></ul> |
| <i>Individual standard deduction/personal exemptions</i> | <ul style="list-style-type: none"><li>• Standard deduction is \$13,000 (married) and \$6,500 (single)</li><li>• Personal exemption of \$4,150 phased out for higher incomes</li></ul>                        | <ul style="list-style-type: none"><li>• Standard deduction nearly doubled to \$24,000 (married) and \$12,000 (single)</li><li>• Personal exemptions repealed at all income levels</li></ul>                               |

## Key takeaways:

We expect to see fewer middle income earners subject to AMT. The standard deduction has doubled, but personal exemptions aren't allowed at any income level.

## Pre-Reform 2018 Tax Rules

## Post-Reform 2018 Tax Rules

|  |   |   |
|--|---|---|
| <i>Itemized deductions</i>                   | <ul style="list-style-type: none"><li>• Deductions allowed but subject to the “PEASE limitation,” which reduces availability of itemized deductions at income levels starting at \$320,000 (married) and \$266,700 (single)</li></ul> | <ul style="list-style-type: none"><li>• Individual deduction for state and local taxes (SALT) for income, sales and property is limited in the aggregate to \$10,000 (married and single filers) and \$5,000 (married filing separately)</li><li>• “PEASE limitation” (including for charitable contributions) is repealed</li><li>• Most miscellaneous itemized deductions that were subject to the 2% of AGI floor will no longer be allowed (e.g. tax preparation and investment expenses)</li></ul> |
| <i>Capital gain /qualified dividend rate</i> | <ul style="list-style-type: none"><li>• Maximum tax rate on long-term capital gains and qualified dividend income (before 3.8% net investment income tax) is 20%</li></ul>  | <ul style="list-style-type: none"><li>• Unchanged</li></ul>   |
| <i>Medical expense deduction</i>             | <ul style="list-style-type: none"><li>• Floor of 10% of AGI before deduction can be taken</li></ul>   | <ul style="list-style-type: none"><li>• Floor reduced to 7.5% of AGI for tax years 2017 and 2018</li></ul>  |
| <i>Cost of securities</i>                    | <ul style="list-style-type: none"><li>• Investors have the ability to “specifically identify” which tax lot of a security is sold</li></ul>   | <ul style="list-style-type: none"><li>• Unchanged</li></ul>   |

### Key takeaways:

Individuals in high real estate tax states (e.g., NJ, NY) are going to take a hit starting in 2018.

Medical expense deductions remain, but floor reduced.

## Pre-Reform 2018 Tax Rules

## Post-Reform 2018 Tax Rules

### *Mortgage interest*

- Individuals are generally allowed an itemized deduction for interest on
  1. Principal residence and second residence mortgages up to \$1,000,000 (married) or \$500,000 (single) (limit applies on a combined basis)
  2. Home Equity Line of Credit (HELOC) up to \$100,000
- Individuals are generally allowed an itemized deduction for interest on principal residence and second residence mortgages up to a combined \$750,000
- Pre 12/16/17 mortgages are grandfathered and new purchase money mortgages may be grandfathered if the purchase contract is dated before 12/16/17 and other conditions are met
- Refinancing of grandfathered mortgages are grandfathered, but not beyond the original mortgage's term/amount (some exceptions apply for "balloon payment" mortgages)
- Interest on a HELOC is no longer deductible

### Key takeaways:

The mortgage deduction remains, however, home buyers in expensive housing markets will take a hit on mortgages over \$1 million.

## Pre-Reform 2018 Tax Rules

## Post-Reform 2018 Tax Rules

### *Capital gain exclusion for primary residence*

- Allows individuals to exclude gain of up to \$500,000 (for joint filers) from the sale of a primary residence
- Taxpayer must own and use the house as primary residence for 2 out of the previous 5 years and exemption can be used only once every 2 years

• Unchanged

### *Like-kind exchanges*

- Allows for the disposal of an asset and the acquisition of another replacement asset without generating a current tax liability from the gain on the sale of the first asset
- Applies to like-kind exchanges of real property as well as certain categories of personal property

• Limits applicability to like-kind exchanges of real property that is not held primarily for sale

\*\*This does not expire in 2025

### *Section 529 plans*

- Distributions may be used for expenses relating to higher (post-secondary) education

• In addition to higher (post-secondary) education, distributions from 529 plans of up to \$10,000/year per student can be used for tuition in connection with enrollment or attendance at an elementary or secondary public, private, or religious school

\*\*This does not expire in 2025

### Key takeaways:

The rules for capital gains exclusions for a primary residence remain unchanged – which is good for the real estate market. Section 529 plans can now pay for elementary or secondary school – good news for parents.

## Pre-Reform 2018 Tax Rules

## Post-Reform 2018 Tax Rules

|   |   |  |
|---|---|--|
| <i>Pass-through deduction</i>                                       | <ul style="list-style-type: none"><li>Income received from partnerships, S corporations, or sole proprietorships is passed-through to the owner's individual tax returns, where it is taxed as ordinary income</li></ul>                                      | <ul style="list-style-type: none"><li>There is a new 20% deduction for qualified business income from a partnership, S corporation, or sole proprietorship</li></ul>   |
| <i>Charitable deduction changes</i>                                 | <ul style="list-style-type: none"><li>Cash gift to public charities is deductible as long as it doesn't exceed 50% of the taxpayers Adjustable Gross Income (AGI)</li><li>80% of value spent on university athletics seating rights can be deducted</li></ul> | <ul style="list-style-type: none"><li>Cash gift to public charities is deductible as long as it doesn't exceed 60% of the taxpayers Adjustable Gross Income (AGI)</li><li>80% deduction for university athletic seating rights is repealed</li></ul>   |
| <i>Gift/estate/generation-skipping transfer (GST) tax exemption</i> | <ul style="list-style-type: none"><li>Estate, gift and GST tax exemptions are each \$5.6 million per US domiciliary</li></ul>   | <ul style="list-style-type: none"><li>Doubles the estate, gift and GST tax exemptions to \$11.2 million per US domiciliary</li><li>Like most individual provisions, the exemptions sunset after 2025 and revert back to the law in effect for 2017 with inflation adjustments; possibility for "clawback" at death if law is not changed</li></ul> |

### Key takeaways:

If you own a business, consult your tax advisor to see how the pass-through deduction applies to you.  
Changes in charitable deductions and gift/estate taxes may help you feel more generous.

# More Resources for Individuals

**The new tax law is complex and every taxpayer's situation is different – so don't go it alone.**
